Greg / Charles Actions

Day 1 — Month 3 — Month 5 — Month 7 — 9 Months

Employee cannot select a vehicle that was not on the original desired list

Employee selects one of the vehicle from the desired list still available and not selected

1st Nov 2024 - Greg submits a list of desired reorder vehicle to the Production team

Production team comes back to say which of the requested vehicles are available

End November 2024 - Advance email notifying the employees that their contract is due to expire by the end of March 2025, please log in to select your new vehicle

1st December 2024 - Greg opens the GCSO web portal for selection of renewal vehicles to the employees (Latest to collection date - anyone whose contract is due to end by the end of March 2025)

Spec Matrix is used by Greg to determine the mix of vehicles ordered

Why not ask everyone ahead of time what they want with survey and order in what they want? Is it because want to make sure have diverse selection which maintains residual values?

How often do people currently get 1-3rd choice car?

Could employees choose 3 cars that are the same with different specs or are the options quite different?

points dont change for spec

When does Greg need to place order in advance by? 3 months ahead of it arriving?
